**Murphy Security Solutions** covers the whole United States for Checkpoint EAS and Alpha High Theft solutions. **Murphy Security Solutions** is the largest Checkpoint EAS distributor and Alpha High Theft solutions provider in the nation. We have a dedicated Sales team with over 50 years of EAS experience, primarily with Checkpoint Systems products and services. Our sales team will provide local representation, be available to discuss your concerns, evaluate your needs, and propose security solutions. Our company was formed to help you make sound security decisions thru a professional and experienced sales organization.

Our President is Tom Murphy. He has spent the past 22 years in the retail loss prevention security business, 12 of which were with Checkpoint Systems as a National Account Manager. He has worked with a wide variety of retailers, which range from independents to nationwide retail chains. He has a deep appreciation for the tough and challenging job that retailing demands.

**Murphy Security Solutions** would like the opportunity to earn your business by offering pricing, proven security solutions, and exceptional service at affordable rates. We appreciate and understand the right choice you made by installing EAS systems to help with your loss prevention needs.

Our approach is to meet with you, one-on-one, to evaluate your company's security needs. We are committed to providing the best in sales and service to meet those needs.
