STRAPLOK™

95 dBA alarm

Flashing LED light

Long lasting Lithium battery

Quick application and removal saves labor time

Checkpoint's innovative StrapLok quickly attaches onto existing box nylon straps. Thanks to the **dynamic** tension adjustment, it is compatible with low-quality, loose straps found on boxes already pre-strapped from manufacturing.

StrapLok actively monitors the tension of the strap and will only alarm if the strap is being cut, similar to our award-winning Spider Wrap®.

KEY FEATURES:

- AM or RF technology
- 2 or 3 Alarm®
- 95 dBA alarm
- Flashing LED light
- Isolated sound chamber
- Easy to apply and remove
- Tough, secure and reusable

SUGGESTED APPLICATIONS:

Boxed merchandise with nylon straps

3 ALARM TECHNOLOGY:

EAS Protection: Activates EAS alarm if a breach occurs

Early Detection: Alarms when merchandise is tampered with in store

Extended Range: Self alarms if merchandise is removed from store
