

Eyewear Tag

An extra measure of protection

Easy to apply
and remove

AM Format

Opens with Alpha's S3 Multi-Detacher, XT Key or a special Eyewear Tag key available for an easy one-hand Tag removal

Protect this year's hottest sunglasses and prescription eyewear with the Eyewear Tag. The Eyewear Tag provides durable construction with a protective cushion that securely holds and protects eyewear as well as a host of other hard-to-secure small items.

Available in AM and RF formats.

SUGGESTED APPLICATIONS:

Ideal for prescription eye glasses, sunglasses, bracelets, and necklaces

Large Small

Available in two sizes to fit all types of frames

RF Format

AM Format

Durable construction with protective cushion that securely holds and protects merchandise

Eyewear Tag Key
