

Disposable Hang Tag

Securely houses sensor for enhanced security

Ratcheting design to reduce opportunity for removal

Alpha's Disposable Hang Tags fit a wide array of consumer products such as jewelry, electronics, hardware, and cosmetics. The tags are deactivatable and do not need to be removed at checkout, enhancing the customer checkout experience. Alpha's Disposable Hang Tag is manufactured in the USA at our Canton, Ohio facility. Available in AM and RF. Customizable colors are available with minimum quantity requirements.

KEY FEATURES:

- Easily applied across a wide variety of products, with a consistent design fitting most wide hang holes
- Securely houses sensor & acts as a visible theft deterrent
- Enhanced visibility of security measures on merchandise
- Reduced labor & complexity by design to stay on-product and be removed at home after purchase
- Custom color and print capabilities
- Made in USA

SUGGESTED APPLICATIONS:

Jewelry, Electronics, Health, Beauty, Cosmetics, and a wide array of other consumer products
