EVOLVE *G10/G20*

World-class product protection

Checkpoint's EVOLVE G-Series antennas are sleek, Plexiglas™ pedestals with integrated LEDs. This range was designed with high-end, modern retailers in mind such as apparel, perfumery and drug stores.

- Plexiglas with integrated LEDs for a discreet and attractive appearance

- Smart Alarm Management (inbound tag alert only) and Visitor Counting available as modular upgrades using a stand-alone EVOLVE VisiPlus™ unit

- Choice of red, blue or green LEDs

- Compatible with all Checkpoint EAS solutions and RF labels and accessories

EVOLVE G10

Width:	19.68 in. (500 mm)
Depth:	4.7 in. (119.5 mm)
Height:	65 in. (1651 mm)
Weight:	62 lbs. (28 kg)
Material:	Clear Plexiglas
Color:	RAL 7030/RAL 9002
Max. voltage:	24 Volts

Product Specifications
EVOLVE G20

|	
Width:	11.81 in. (300 mm)
Depth:	4.65 in. (118 mm)
Height:	65 in. (1651 mm)
Weight:	44 lbs. (20 kg)
Material:	Clear Plexiglas
Color:	RAL 7030/RAL 9002

EVOLVE G10

The EVOLVE G10's Plexiglas design and integrated LEDs provides high-end stores with the discreet protection they demand, without compromising performance. EVOLVE antennas use the very latest software, enabling upgrades when new technology becomes available.

- Connects seamlessly with other components of the EVOLVE network

- Benefits from remote maintenance and software upgrades through high-speed data connectivity

- 360 RF technology increases aisle widths and improves detection by up to 25 percent*

- Upgraded electronics lower cost of ownership and reduce carbon footprint

- Open architecture enables retailers to adopt new technologies, such as RFID, when they are ready

- Remote preventative maintenance can be carried out regularly to ensure optimum performance

EVOLVE G20

The EVOLVE G20 is a slimmer alternative to the G10 antenna, designed to provide protection in environments where space is at a premium.

Choice of red, green or blue LEDs

SOFTWARE AND ACCESSORIES

A range of complementary software and accessories are available to work in concert with these antennas. These include Smart Alarm Management (in-bound tag alert only), Visitor Counting and CheckPro Compliance Manager, as well as accessories such as various base cover designs and bumper posts.

*When compared with Checkpoint Liberty/3G antennas and used with Checkpoint EP labels
